Attachment "B"

ALTERATIONS REQUIRED TO HOUSE A NEWLY CREATED DIVISION ON THE
SECOND FLOOR, [REDACTED]

25X1A6a

Estimated Cost: \$3324.40
Estimated By: GSA, Anacostia Group Force
Engineering Required By: GSA, Anacostia Group Force
Target Date for Completion: Priority A1 - As Soon As Possible

Description

These alterations will be made on the second floor, [REDACTED] and will take place in a portion of floor space already in use by an active division. They will entail the demolition of approximately 15 linear feet of masonry wall, the relocation of heavy-duty fire doors, the removal and relocation of approximately 184 linear feet of metal partition, and related electrical work. In addition, NPIC will procure a double-leaf, Mosler, vault door to be installed at a later date. This door will serve as the entrance to the newly formed division.

25X1A6a

Justification

Current and projected operations in NPIC have resulted in the formation of a new division. Activities of this component necessitate its location in close proximity to the Model 490 Univac computer located on the second floor. This space is for the division chief and his staff and is being made available from a portion of the floor space now used by another component in this area.
